CONTEMPORARY MAGNIFICENT LIGHTING

It is a pleasure for Contraste to present its new decorative line:

# Odyssey

Enlightening your journey!

The collection was born from our team's desire to add a new lighting line in order to allow specifiers, designers and architects to create their own projects.

European-inspired and 100% Canadian-made, the collection offers various forms of LED luminaires with optimum transmission and diffusion. Made from high quality aluminum extrusion and powder paint coloring, it offers an impeccable finish.

Hoping to enlighten the journey of your projects in every direction that might be, we invite you to enjoy this look book and inspire your imagination.

Luxury, contemporary and vibrant, three collections for you to stand out!
